QUICK PAD SPOT

The Spot is suitable for any type of surface. Its black abrasive spots effectively rubs off stubborn stains, thus ensuring great results in removing dirt. It is ideal for use on hard floors and greased floors.

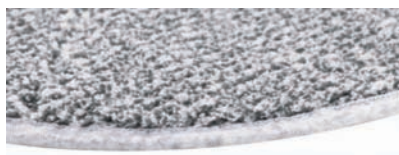

QUICK PAD RACER

The Racer has optimal gliding properties so allow smooth working on surfaces. High dirt removal is also promoted with the hard bristles found along the length of this QuickPad. It is ideal for routine and deep cleaning.

QUICK PAD BUFFIE

The Buffie is particularly suitable for non-slip and safety floors. With its hard bristles and needle-like spikes, it is ideal for removing stubborn stains, and has high dirt removal power. It is suitable for routine cleaning, but should not be used on coated floorcoverings.

QUICK PAD FUZZY

The Fuzzy is made of microfibre and has high absorbance strength. It has optimal gliding property and high dirt removal strength. It is ideal for routine, deep and carpet cleaning, and can be used in areas such as nursing homes, clinics and other public places.
