

QUICK WIPES

QuickWipes is a range of high quality microfibre cleaning cloths that are able to cater to today's cleaning needs. Microfibre cleaning cloths have already evolved to be a fundamental tool in today's society that is used to upkeep daily cleanliness.

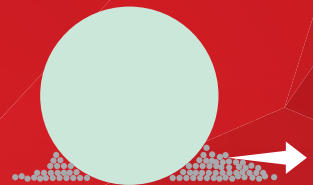

HOW IS MICROFIBRE CLOTH BETTER?

MICROFIBRE

Surface becomes dry and clean
Dirt gets trapped within the fibre and is picked up completely

TRADITIONAL FIBRE

Surface remains damp and dirty
Dirt spreads with minimal pick up

Microfibre cloth has more fibres which are smaller than traditional fibres that can trap and retain dirt and absorb liquids. This absorption is also due to invisible forces that are present due to its material. Traditional fibres on the other hand, generally is only able to pick up minimal dirt.

Microfibre cloths are also friendlier to the environment as little to no cleaning agents is required to absorb the dirt onto the cloths. With the use of just water, they are able to effectively pick up dirt, leaving the surface clean and dry.

? COLOR GUIDE

QuickWipes are available in the following colours for differentiation of jobs and locations. This colour coding prevents cross-contamination. This decreases risk of disease spreading and increases hygiene in different regions. Any other colours are available upon requests.

BLUE

Suitable for GENERAL
LOW RISK AREAS

GREEN

Suitable for GENERAL
FOOD & BAR USE

Dimension	40 x 40cm
Weight	280 gsm
Colours	Blue, green, pink, yellow
Pcs/pack	10
pcs/box	200
Box dimension	42 x 42 x 35 cm
G.W.	10 Kg

QuickWipes-Antibac

With silver ions embedded into the fibres, QuickWipes-Antibac has antibacterial properties instilled into them. With the ions embedded into the fibres and not onto the fibres, they are here to stay! Any bacteria or virus picked up by the cloths will be deactivated by the silver ions and is suffocated due to the lack of oxygen, and thus is unable to proliferate.

**THE RESULT OF USING
QUICKWIPES-ANTIBAC?**
Cleaner surface without
the spread of bacteria!
The cloths remain fresh
and odour free too!

Type	Antibacterial
Dimension	40 x 40cm
Weight	280 gsm
