

BOC Battery Operation Cart SINGAPORE

The CPT-3000

is a heavy duty battery operated cart suitable for transporting waste, materials or personnel. It is designed to provide users with the ergonomic maneuverability with its 3-wheelers and enable movements across large areas with options for different requirements.

This includes optional features such as installing railings and foldable ramps for bin lifting capabilities.

Features:

- ◆ Automatic cut-off battery charger to avoid overheating, thus extending battery lifespan.
- ◆ Powered by 8x Deep Cycle batteries which ensures environmental friendliness as there are no gas emissions.
- ◆ Constructed with heavy duty steel provides optimal durability.
- ◆ Safety beacon lights and reverse buzzer to minimize risk of accidents.
