HAKO CITY MASTER 1600

The Citymaster 1600 combines the many qualities and functions usually found in larger sweepers while keeping to the permissible total weight of 3.5 tons. The spacious and comfortable workplace makes long working days easier. The vehicle's directional stable articulated steering and manoeuvrability make even narrow working areas easily accessible and safe for the driver. Highly flexible employment as well as the quick change system ensure low operating costs.

Advantage:

- Quick-change system
- Compact for narrow work space
- Travel speed up to 40km/h
