

ECOBOT Sweep 40

The Sweep 40 is the indoor vacuum robot. With Powerful vacuum and brush power allows the clingiest dusts on hard floor and carpet to be removed in one time. Equipped with class-leading safety sensors and advanced AI navigation system to achieve highest cleaning productivity

Advantages

- Can use both on the hard floor and carpet
- User-friendly with simple UI
- Auto-Charging Dock (Optional)

TECHNICAL SPECS

Dimension :	650 x 570 x 810
Cleaning Width:	570 mm
Cleaning Efficiency:	600 m ² / h
Battery:	LiFePO ₄
Average Operation Time:	Up to 3 hours
Rated Voltage:	24 V
Maximum Power:	1000 W
Rated Tandam Roller Brush Power:	300 W
Rate Side Brush Power:	25 W
Max Cylindrical Brush Rotational Speed:	Up to 1500 RPM
Main Brush Size:	400*70 mm
Side Brush Size:	2*100 mm
Rated Vacuum Power:	560 W
Max. Vacuum Pressure:	18.18 kPa
Max. Air Flow Volume:	2.08 m ³ /min
Primary Bin Capacity:	8 L
Secondary Bin Capacity:	2 L
Sensors:	LiDar, 3D Depth Camera Ultrasonic, Touch- bumper, Cliff-Sensors
Max. Gradient:	8°
HEPA Filtration Class:	H
Operation Speed:	0-2 km/h (limited)
Noise:	67 dB -75 dB
